BANKING AND FINANCIAL. SEVEN PER CENT GOLD BONDS of the LAKE SUPE RIOR AND MISSISSIPPI RAILROAD COMPANY FIRST MORTGAGE SINKING FUND BONDS, PREE OF UNITED STATES TAX, secured by 1,632,000 acres of choice tonds and by the railroad, its rolling stock and franshises, and yielding in currency nearly TEN PER CENT PER ANNUM. We recommend these bonds as a desirable investment for persons collecting May profit of nearly TWENTY PER CENT, besides receiving one per cent in gold additional income. A limited amount for sale, and full particulars furnished by JAY COOKE & CO.

SEVEN PER CENT BONDS of the ROCKPORD, ROCK ISLAND, AND ST. LOUIS RAILROAD COMPANY, principal and interest payable in gold, free of Government Large purchases of these bonds have been made on foreign account, and we offer only a very limited We recommend the bonds as one of the best secured and most profitable investments on the HENRY CLEWS & Co., Bankers, No. 32 Wall-st.

\$1,000,000 Got.d.—6 Per Cent First Mortgage Bonds of the St. Louis and St. Joseph Railroad of Missouri. Principal and interest payable in gold. Conpons payable May I and November I, at the Farmers Loan and Trust Company, New-York. Total issue of bonds, \$1,000,000, less \$14,000 per mile on 72½ miles of road from the City of St. Joseph to Lexington, which is not more than half the amount per mile of mortgages on the principal railways of the country, making the bonds the cheapest and one of the safest investments in the market. The Council Bluffs and St. Joseph and North Missouri Roads, now completed, are connected by this road, forming a grand trunk through line from St. Louis to Omalia, 39½ miles nearer New-York than via Chicago. The loan is being rapidly taken, half of which has already been sold. Present price, 87½ and accrued interest in currency, which must soon approximate par. The interest is the same as the United States 5-30s, and payable the same time as the 62s, 64s, and 65s; at present prices they are 25 to 30 per cent cheaper than Governments, and we believe them to be equally as secure an investment. The counties along the line are the most populous and richest agricultural districts in the State. The local traffic will be very profitable, an investment. The countries along the line are the most populous and richest agricultural districts in the State. The local traffic will be very profitable, and the through travel and freight must be as large as that of any Western road. There are numerous excellent coal fields on the line, which will also be a profitable source of revenue to the road. With great satisfaction we recommend this security to investors and trustees of estates as a first-class investment. For further particulars apply to TURNER BROTHERS, Bankers, No. 14 Nassau-st., New-York.

SAUE DEPOSIT DEPARTMENT OF THE NATIONAL PARK BANK .- The most recent one of the kind, in the nstruction of which the Directors have availed which has enabled them to produce more secure arrangements than heretofore attained. In the Burplar and Fire-Proof Vault, in their Fire-Proof Building, they have Safes of various sizes (each secured by a Combination Lock), where tenants can place securities of every description for a small annual cost. The ers will take pleasure in showing the Vault.

AN ADJOURNED MEETING of the CREDITORS of PRAGUE & STOKES, On the CONTINENTAL HOTEL PROPERTY at Long Branch. will take place on Tuesday, May 11. at 3:30 o'clock p. m. at the office of F. A. Vandyke, No. 62 Broad-way, to receive report of Committee appointed at

REMARKS.—With rising 7,200 cattle for the week, it is not surprising that the market is a hard one, and prices \$\frac{1}{2}\$ (hower than this day week, or \$\frac{1}{2}\$ (lower than on Wednesday last. Owners are anything but cheerful, losing heavily on their droves. Some of them assert that, in comparison with the cost of cattle, this is the hardest market for years. Not a few droves lose \$5 per head, while some lots exceed that amount. The not that the sattle are so very low here-143/16c for the bulk of the stock; but it is because the stock cost so much. Some of the buyers appear not to have learned that a heavy supply and lower rates nearly always follow a heavy supply and lower rates nearly always follow a heavy supply and lower rates nearly always follow a heavy supply and lower rates nearly always follow a heavy supply and lower rates nearly always follow as heavy supply and bover rates nearly always follow as heavy supply and some of wednesday in a strong market. Prices advanced \$\frac{1}{2}\$ from the rates of Monday, the tops easily reaching 17c. This stimulated the drovers, and all could not be sold, even at more than \$\frac{1}{2}\$. Genille.

To-day, with 2.78 head on the markets—including a few sold on Sanday—salesmen early discovered that hard work alone and lower prices would enable them t

SHEEP AND LAMBS—With just about the receipts of last week, there is little doing in the way of sales, the interest of to day centering upon the grand opening of a new sheep market at the North River at the foot of Forty-eighthest, where Hume & Elhott and J. Kirby, as sales men, have taken pt heir abode, and in which some of the wholesale butchers have taken stock. They have, under the superintendence of Mr. Seymour, built a dock 300 feet long, for their exclusive use in landing sheep, also erected a building 194x90 feet, two stories, with accommodations for 11,000 sheep. A band of music, a well-spread table, &c., formed more attraction for buyers than purchasing sheep. There were 5.316 fresh arrivals on the market today, viz.: 11 cars at Forty-eighthest. 6 cars at Communipaw, 4 cars at Fortielli-sk, and 3 cars at Hudson City. The prices are shown in the following limited transactions, viz.: At Communipaw, by Beilis & Pideorie, 100 Ohio sheared sheep, 95 B. Tic., and 33 of 85 B. at 75c. B. W. Gillett & Co. sold 14 cars, 33 b, at 55c. and as many more 84 B., good, at 7c. Seven cars are still holding at Communipaw. At Fortieth st., Hume & Elliott sold, before going to Forty-eighthest., 675 Ohio and Pennsylvania sheared sheep, 91 B., and 22 Ohio, 93 and 18 at 86; 351 of 101 B., at 8c., and 198 state, wool sheep, 45 b. f 812 to, at 840; 271 of 834 to, at 840., and 153 of 844 unshorn, at 64c.
